## Certificate III in Wall and Floor Tiling

### **How will undertaking this course benefit you?**

In this course you will learn how to lay ceramic, clay, slate, marble, glass and other types of tiles on external and internal walls and floors. You'll use tiles to create protective and decorative finishes and learn how to use tile-cutting tools to cut and shape tiles needed for edges, corners, or around obstacles such as fittings and pipes. You may complete new installations or renovation work on interior or exterior surfaces of houses, shops, offices, factories as well as structures such as swimming pools and spas. Our industry-qualified teachers will ensure you can undertake tiling tasks in a safe and effective manner.
