

RIIWH5202D Enter and Work in Confined Spaces

Work safely in confined spaces.

This one day course will prepare you for the hazards of working in and around confined spaces. Fire and Safety Australia statistics show more than 92% of confined space fatalities had 'inadequate confined space entry training' as the cause of the fatality with more than 90% showing 'inadequate supervisor knowledge and supervision' as the secondary cause.

This course is designed for anyone who is required to enter and work in confined spaces, ideal for anyone who is involved with civil construction projects, road maintenance, commercial projects, or anyone who will be working at heights.

RIIWHS202D Enter and Work in Confined Spaces

How will undertaking this course benefit you?

Not only will you feel more confident working in confined spaces but it is a great qualification to have for anyone looking to broaden their employment options across a range of different occupations.

Are there any entry requirements?

All participants must have a Unique Student Identifier (USI). To obtain yours, go to www.usi.gov.au and follow the prompts to create your USI.

How is it delivered?

Blended Delivery. A mix of both online and face to face learning.

What do I get from it?

Upon successful completion participants receive a Statement of Attainment for Enter and Work in Confined Spaces (RIIWHS202D).

What do I need to bring?

100 points of identification, a pen, closed footwear, high visibility shirt or vest. Students are required to have access to the internet and a computer with a webcam.

Can I get CPD points for this class?

Yes, 14 CPD points are attached to the successful completion of this course.

Email your expression of interest to info@bot.edu.au and one of the team will be in touch.
