

Get your Asbestos Removal Licence.

Learn how to identify and dispose correctly of asbestos and asbestos-containing materials is a safe and correct way, to ensure the safety of both you and the people around you. Asbestos can be found in roofing, cement sheets and pipes, clutch and brake linings, insulation, a range of building materials, boilers, electrical fittings, gaskets, floor tiles, plastics, textiles and other products.

This qualification is designed for anyone who is undertaking work on a job site, in both building and construction or demolition, where asbestos could be found.

CPCCDE3014A Remove Non-Friable

How will undertaking this course benefit you?

This course will benefit you if you are currently licensed to remove non-friable asbestos, or are seeking to further your career in a supervisor role.

You can apply with Safe Work NSW to gain your Supervise Asbestos Removal License. However subject to the criteria to meet the required standards, please contact Safe Work on 13 10 50 for further information.

Are there any entry requirements?

You must complete the Asbestos Awareness online course prior to course commencement. This course is included in the price for the Remove Non Friable Asbestos Removal cost. Please contact the Training Department on info@bot.edu.au should you require more information.

All participants must have a Unique Student Identifier (USI). To obtain yours, go to www.usi.gov.au and follow the prompts to create your USI.

How is it delivered?

Blended Delivery. A mix of both online and face to face learning.

What do I get from it?

Upon successful completion participants receive a Statement of Attainment for Remove Non-Friable Asbestos (CPCCDE3014A).

What do I need to bring?

100 points of identification, a pen, closed footwear, and a high visibility shirt or vest. Students are required to have access to the internet and a computer with a webcam.

Can I get CPD points for this class?

Yes, 14 CPD points are attached to the successful completion of this course.

Email your expression of interest to info@bot.edu.au and one of the team will be in touch.
